

New Romney Town Council - Community Hall/Sports Pavilion/Nursery Project

The Town Council's published Capital Spending Plan identifies the provision of a new Community Hall/Sports Pavilion for the Town.

Since 2017 improvements to adjacent nursery facilities became an established element of this project.

Initial research and consultation was completed and the professional Project Management Team and Architect were appointed. Design and business plan development completed. A PWLB loan application and a planning application were submitted and approved.

A revised planning application, in respect of a budget led project format, has been submitted.

The project, therefore, is continuing to move closer to realisation.
