

New Romney Town Council
Parish Highway Improvement Plan
Proposed Doubled Yellow Lines

St Marys Road and Fairfield Road Junction – New Romney

New Romney Town Council with help from Kent County Council and Folkestone and Hythe District Council have developed and adopted **Parish Highway Improvement Plan**

The aim of the Parish Highway Improvement Plan is to look at all the Road Safety issues we have in New Romney, Littlestone & Greatstone and put together a coordinated plan of improvements to address the identified road safety shortfalls.

The next priority to be reviewed within the Parish Highway Improvement Plan is the junction of St Mary's Road with Fairfield Road. Several concerns have been raised regarding vehicles parking right up to the junction causing poor visibility and congestion in this area.

One possible solution is to introduce double yellow lines in the vicinity of the junction to prevent problem parking.

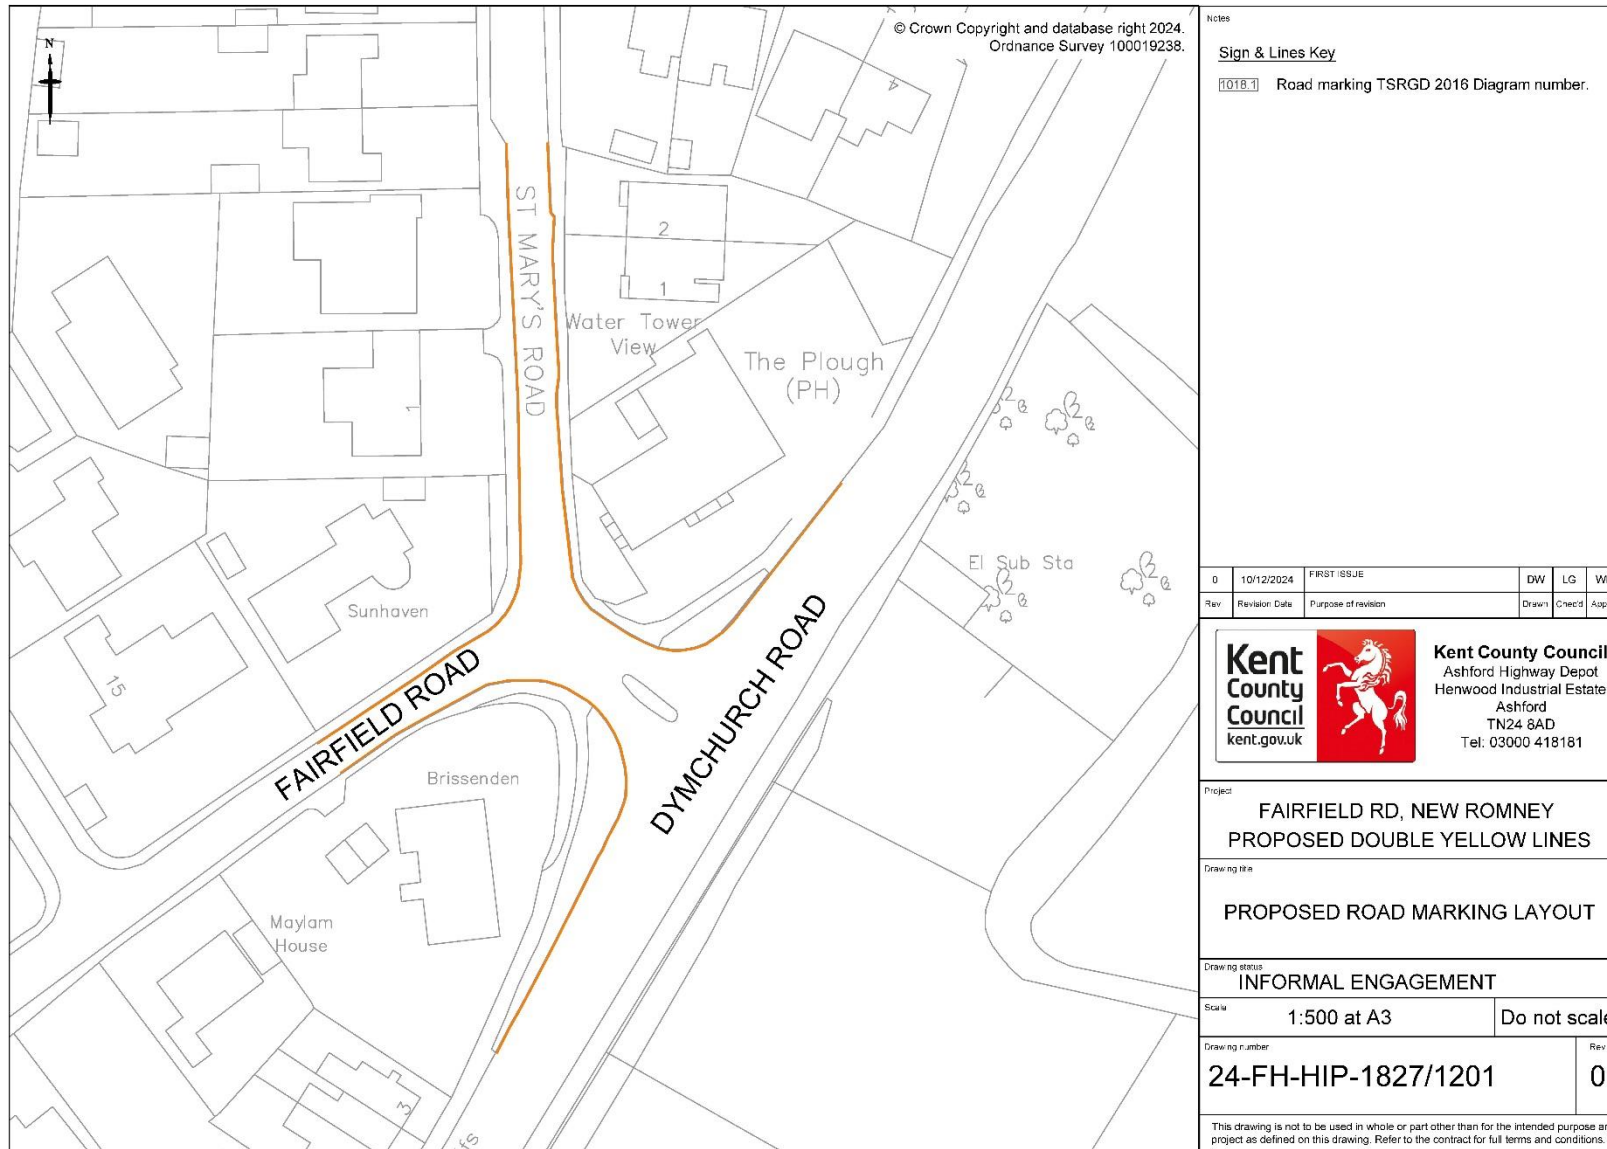

Please see proposed plans on reverse.

New Romney Town Council and Kent County Council would welcome any feedback or comments you wish to make regarding this proposal. Please note that this is an informal engagement to canvas local opinion. If there is a clear consensus, or a strong view that the double yellow lines should not be introduced then these proposals will be reconsidered. Either way, the outcomes of the informal consultation will be discussed in detail by New Romney Town Council, Kent County Council and Folkestone and Hythe District Council.

Please email: planning.clerk@newromney-tc.gov.uk or complete the attached comments form and return to the Town Hall, High Street, New Romney, TN28 8BT by 27th March 2025.
